

# NATIONAL AGENCY FOR RESEARCH AND DEVELOPMENT OF CHILE - ANID

Sharapiya Kakimova, Ph.D.

Internationalization  
Networks, Strategy and Knowledge Sub-direction

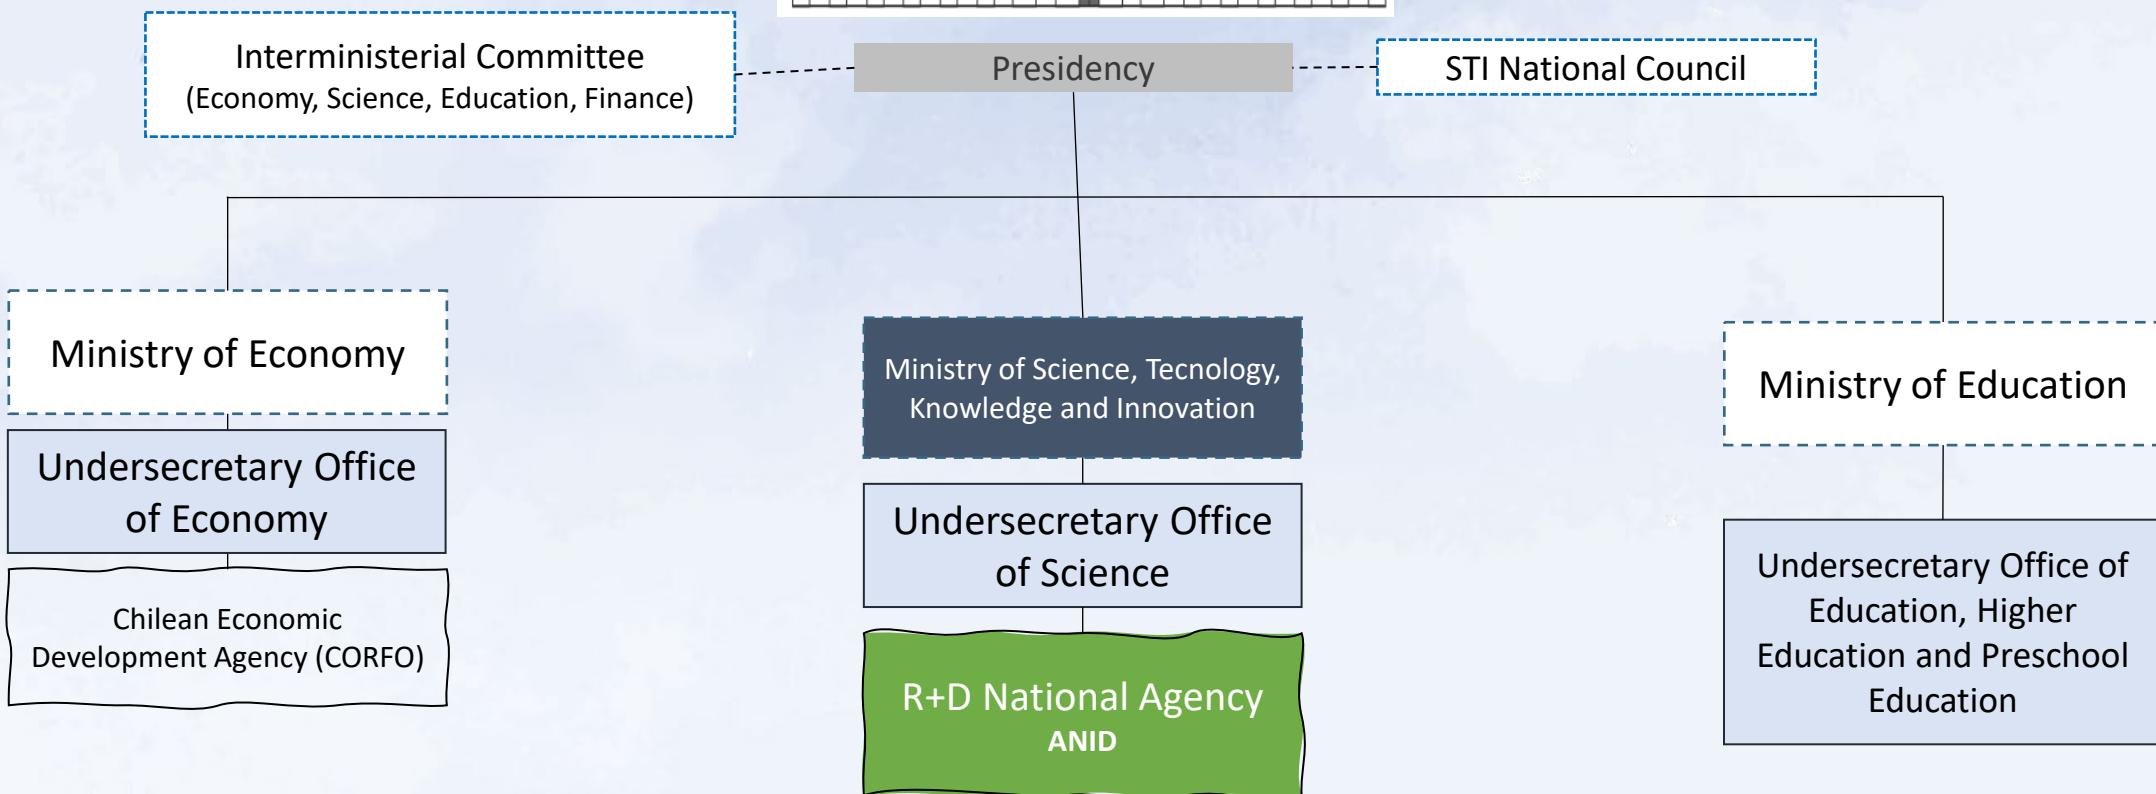

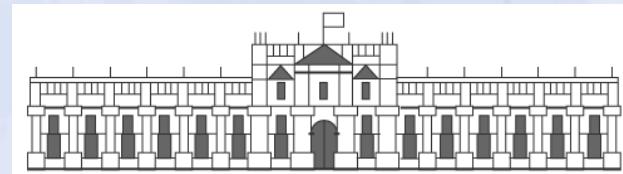

ANID

# INSTITUTIONAL FRAMEWORK IN CHILE

Science and Innovation related activities are overseen by three different ministries

# NATIONAL AGENCY FOR RESEARCH AND DEVELOPMENT

- Approximately 60% of the public budget in science and technology is financed by Chile through ANID.
- We are the Agency responsible for IMPLEMENTING the national public policy on R&D.

2023

- More than **25,000 applications** per year.
- **80 open** competitive calls.
- **+14.000** projects administrated yearly, **+ 4.000 funded**
- **6 strategic internal divisions** to coordinate all the programs and calls, and to monitor technical and financial aspects of different projects.

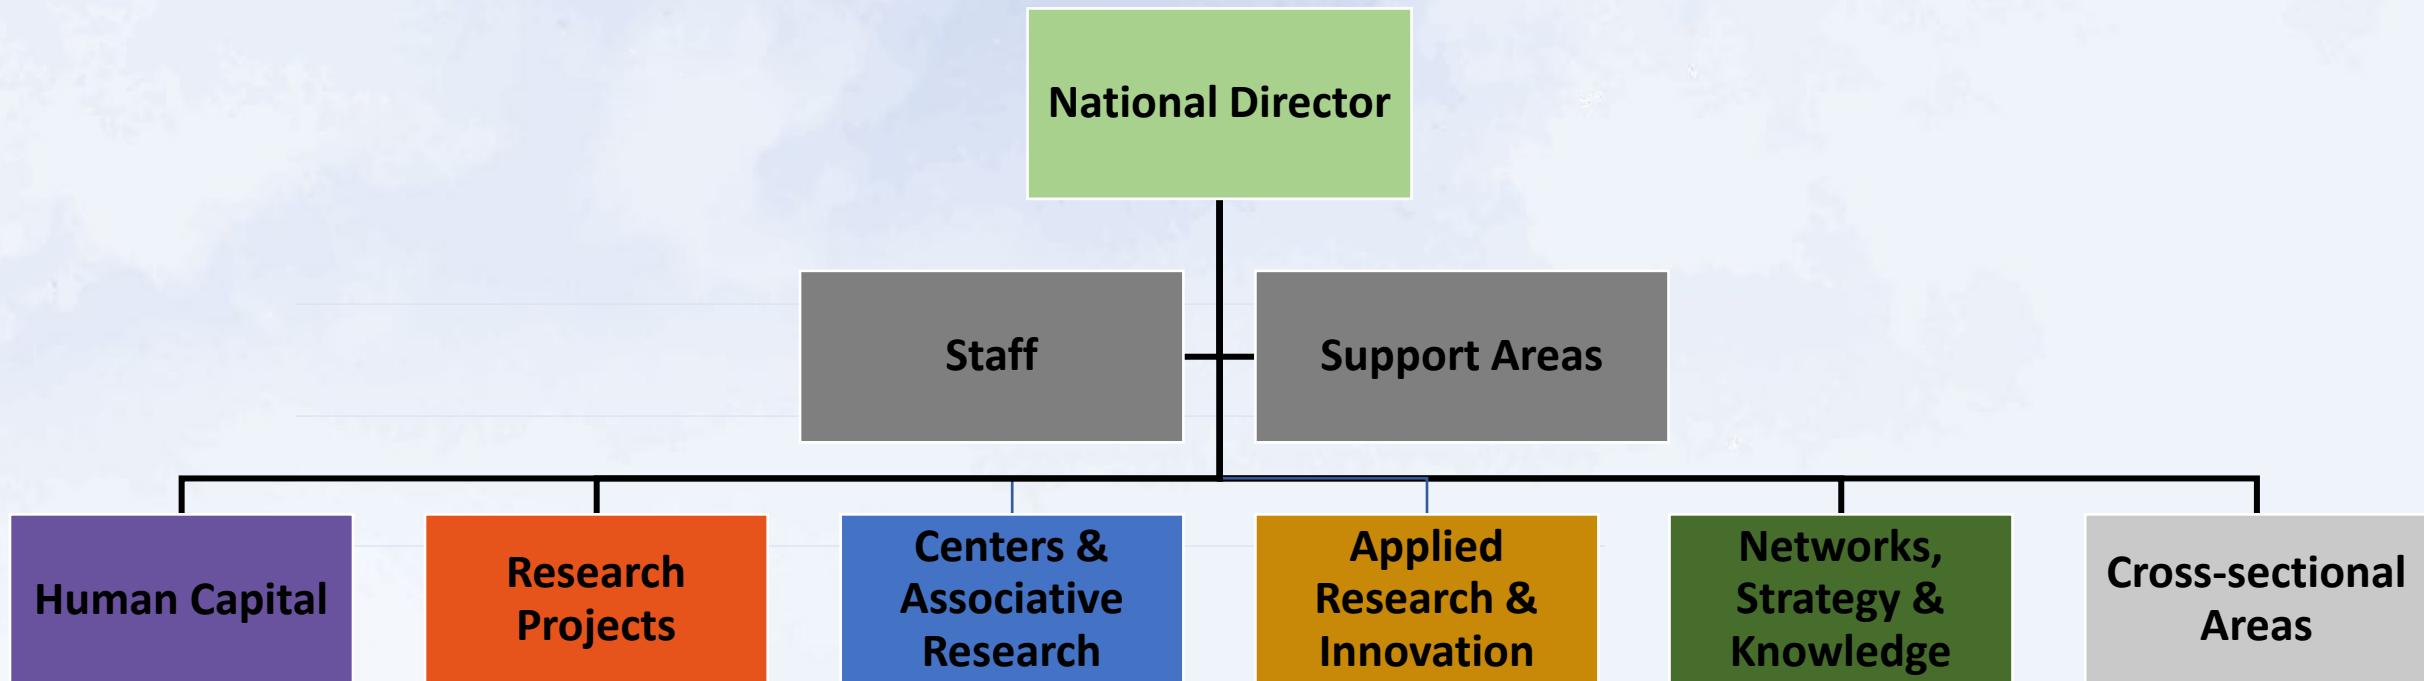

Agencia  
Nacional de  
Investigación  
y Desarrollo

Ministerio de Ciencia,  
Tecnología, Conocimiento  
e Innovación

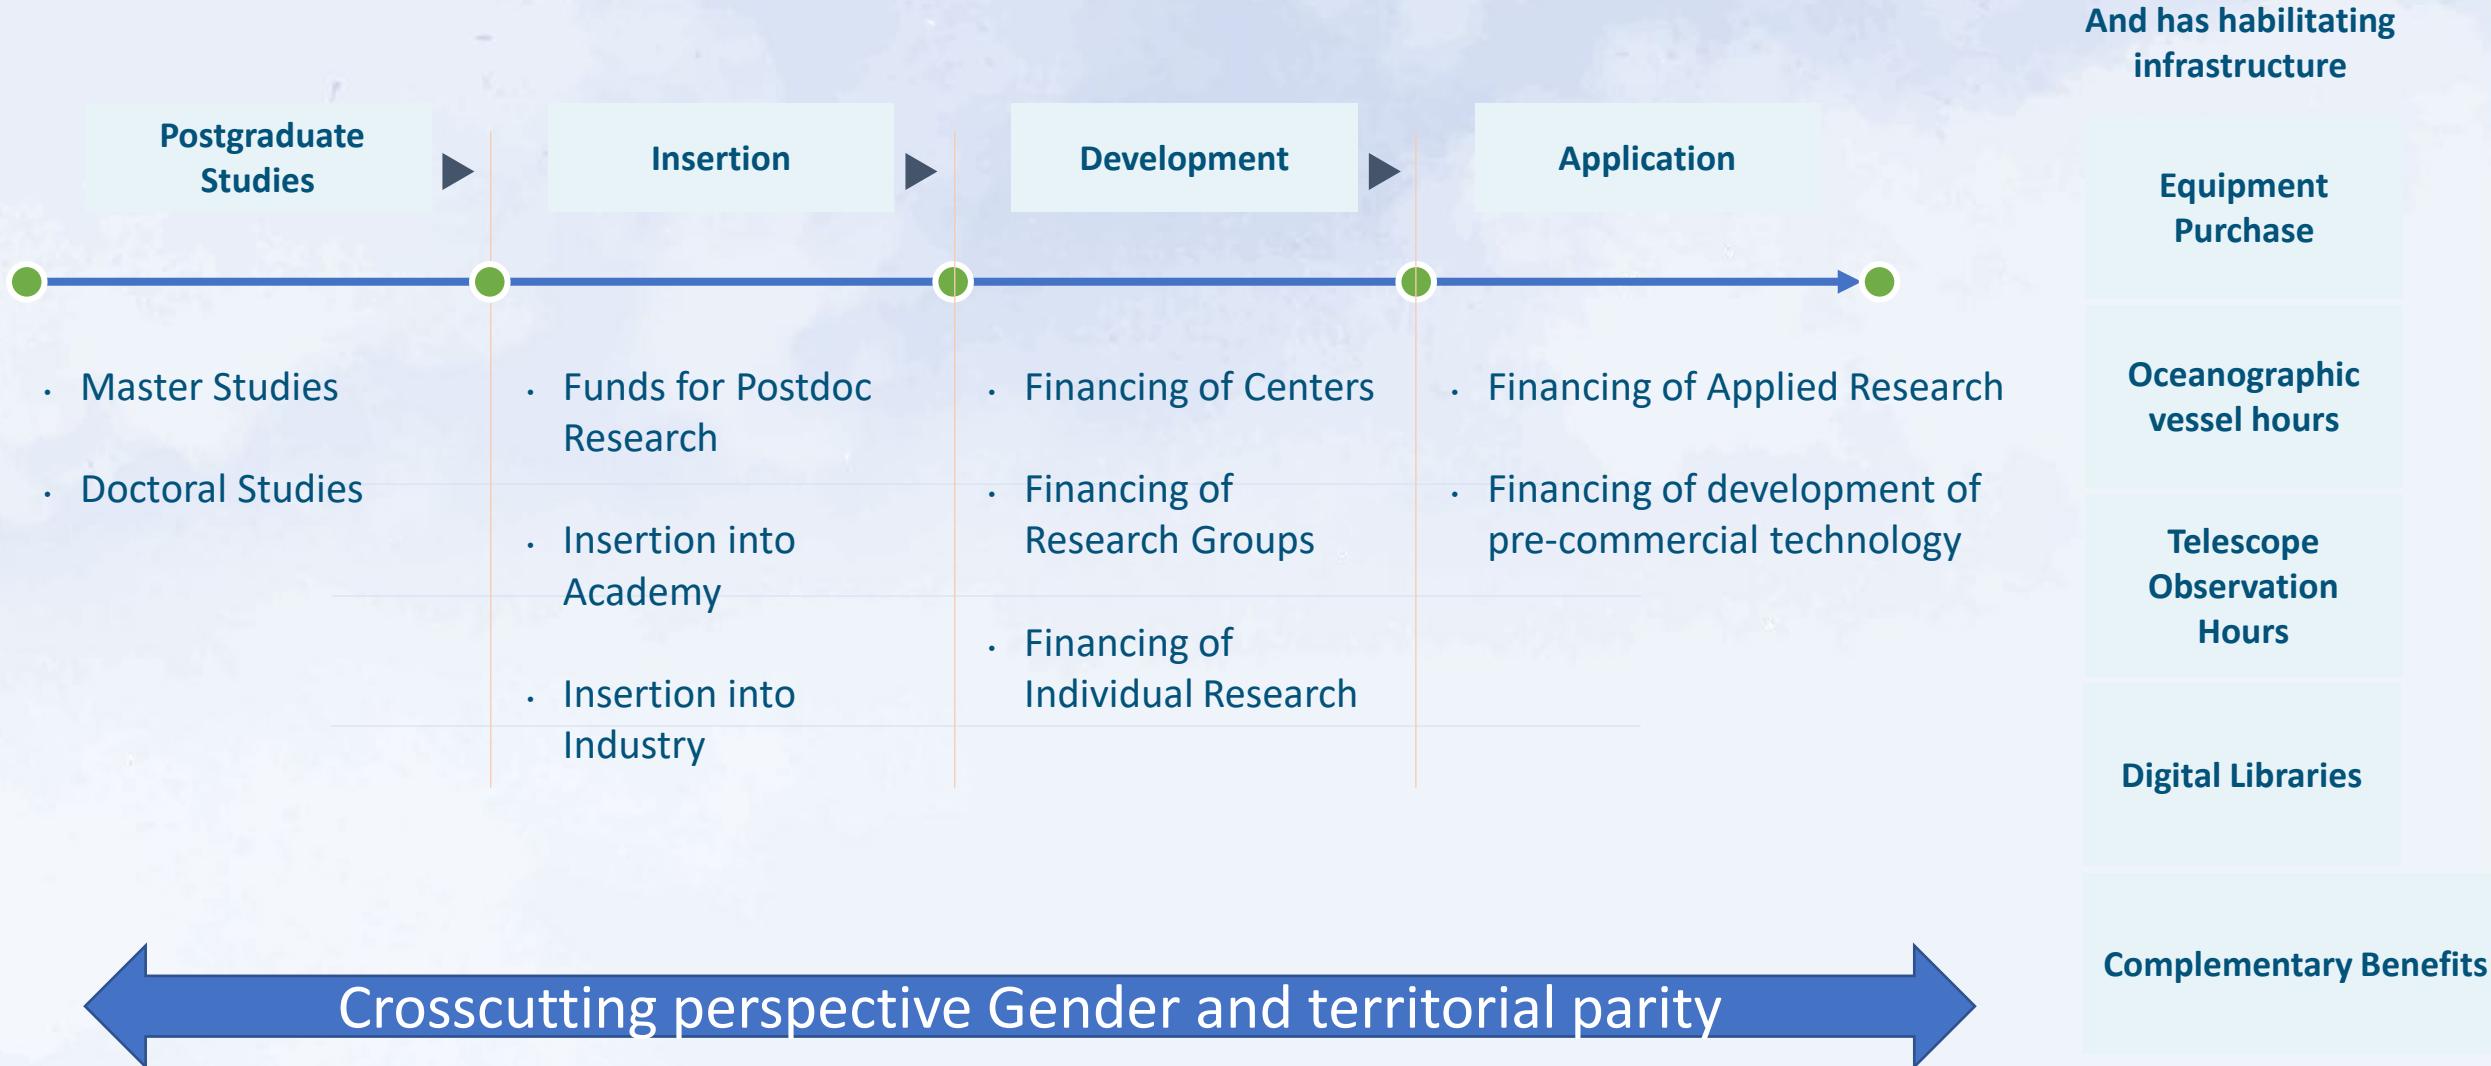

Gobierno de Chile

# ANID'S STRUCTURE

# ANID OPORTUNITIES FOR RESEARCHERS IN SCIENCE, TECHNOLOGY, KNOWLEDGE, INNOVATION

# Focusing ANID's work by addressing needs and challenges in Science, Technology, knowledge and Innovation

During 2019-2020 ANID formed thematic workshops with the STI ecosystem and identified together important gaps:

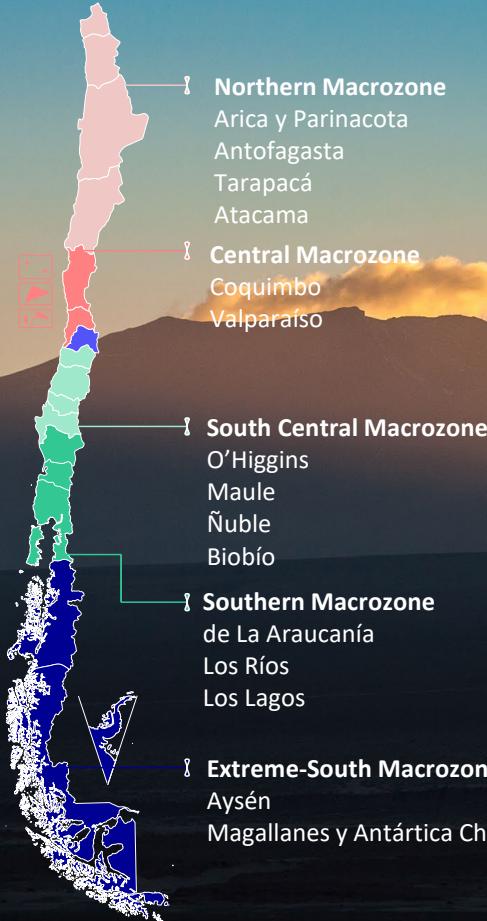

- Gender
- Territorial
- Disciplinary
- Infrastructure

## How we are addressing these challenges in our ecosystem?

- Promoting cooperation and articulation between different actors that coexist today in the STKI ecosystem.
- Supporting the management of infrastructure and capacities for scientific research, technological and institutional development.
- Strengthening and design our instruments from a territorial, disciplinary perspective and with a gender focus.
- Implementing incentives to expand gender parity and territorial coverage.

# ACCELERATION NODES OF TERRITORIAL IMPACT

## What is the job of the Nodes?

Macrozonal Nodes are a Public Policy tool that is being implemented, are projects that seeks to articulate and strengthen the local STKI ecosystem, to achieve impacts in strategic areas of each macrozone and in the country, obtaining social, economic and cultural benefits of the widest possible scope.

**ANID invested around USD \$6 millions**

**01**

Preparation of diagnosis and identification of gaps

**02**

Roadmap design

**03**

Prioritization of initiatives

**04**

Short and medium term action plan

**05**

Address territorial opportunities

**06**

Contribution to solving territorial problems

# INTERNATIONAL COOPERATION

An ANID's central task is to strengthen the internationalization of the Chilean STI ecosystem in close collaboration, coordination and articulation amidst its stakeholders.

ANID has defined priority areas for International Cooperation:

- Open Science
- Natural Laboratories
- Research Infrastructure
- Sustainable Development Goals

# Multilateral Cooperation

**Horizon Europe**

THE NEXT EU RESEARCH & INNOVATION  
PROGRAMME (2021–2027)

PROGRAMA IBEROAMERICANO DE CIENCIA  
Y TECNOLOGÍA PARA EL DESARROLLO

# Bilateral Cooperation

**DFG** Deutsche  
Forschungsgemeinschaft  
German Research Foundation

**国家自然科学基金委员会**  
National Natural Science Foundation of China

# Call to Promote International Networks

---

**Objetives:** Support creation and strengthening of networks to consolidate international links between national scientific and technological research and/or innovation institutions and foreign institutions, that contribute with an interdisciplinary perspective to the development and strengthening of international linkage capacities of the different regions and macro-zones of Chile.

Some relevant information:

- Open every year in May-June
- Open to Chilean researchers to establish/strengthen international cooperation in all areas for the Project duration up to 12 months (with possible extensión)
- Covers costs related with networking and cooperation: travel, workshops, visiting researchers, small equipment, etc. (roughly about USD 30.000)
- More details: <https://anid.cl/concursos/concurso-de-fomento-a-la-vinculacion-internacional-para-instituciones-de-investigacion-convocatoria-2023/>
