# ABOUT CQUNIVERSITY

## 20+ LOCATIONS

across regional and metro centres

## 30 000+ STUDENTS

We're dedicated to growing our diverse student community

## TOP 75 GLOBALLY

for sustainability

## 30 YEARS

as a university and 50+ years providing higher education

## 200+ COURSES

from certificate to PHD level

**AUSTRALIA'S MOST INCLUSIVE**  
and engaged university

## INSTITUTES AND CENTRES

2 research institutes and  
7 research centres

## CHANGEMAKER CAMPUS

Australia's only recognised social enterprise university

## OUR RESEARCH

Nearly 400 active researchers and 600+ research higher degree students

**RESEARCH WITH IMPACT**

# Research Priorities

- Agriculture
- Automation/machine learning/robotics
- **Clean energy**
- Economic modelling and supply chain
- Education, including online education
- First Nations health and community
- Public health, mental health
- Workforce mobility and planning, fatigue.

## 8 Research Centres

Centre for Hydrogen & Renewable Energies

Centre for Railway Engineering

Centre for Machine Learning, Networking & Educational Technology

Coastal Marine Ecosystems Research Centre

Centre for Research in Equity and the Advancement of Teaching and Education

Centre for Resource Economies and Supply Chains

Jawun Research Centre

Queensland Centre for Domestic and Family Violence Research

## 2 Research Institutes

Appleton Institute

Institute for Future Farming Systems

# Centre for Railway Engineering

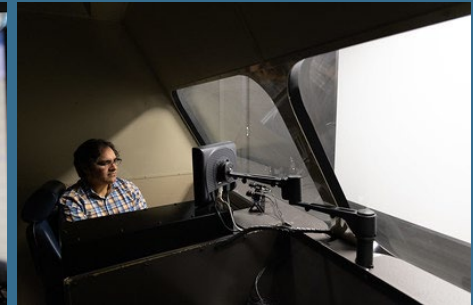

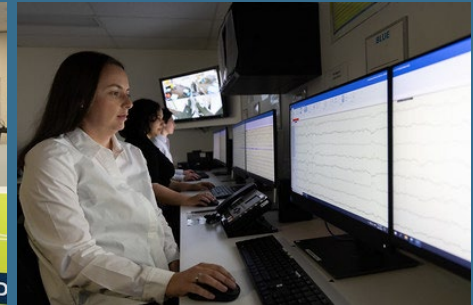

# Centre for Hydrogen & Renewable Energies

**RESEARCH WITH IMPACT**

# Appleton Institute

- Physical Activity Research Group
- Sleep and Biological Rhythms
- **Human Factors and Operational Readiness**
- Cluster for Resilience and Wellbeing

**RESEARCH WITH IMPACT**

# Institute for Future Farming Systems

- Precision Livestock Management
- Precision Horticulture
- Non-Invasive Sensor Tech.
- High Value Tropical Cropping
- Poultry Microbioeme
- Agri-tech Extension and Educ.

*The IFFS focuses on innovative farming practices, particularly in sub-tropical and tropical environments in Australia and internationally. The Precision Livestock Management Team is recognised as an international leader in the field of tropical livestock research. IFFS achievements have included developing NIR technology to measure fruit ripeness and developing the world's first robotic mango harvester.*

**RESEARCH WITH IMPACT**

# Centre for Regional Economies and Supply Chains

- Regional and Rural Economies
- Supply and Value Chains
- Regional Futures
- Regional Workforce Development

*CRESC Research focuses on the development and enhancement of economic systems, regional workforce development and supply and value chains vital to regional and rural areas*

**RESEARCH WITH IMPACT**

# Coastal Marine Ecosystem Research Centre

- Seagrass Restoration
- Sustainable Marine Resources
- Containment of Emerging Concerns
- Working with nature

*CMERC is located in Gladstone, Queensland's largest (and Australia's fifth largest) multi-commodity port and world's fourth largest coal export terminal, next to the southern Great Barrier Reef. The Centre focuses on the intersection of industry and the environment, restoring and maintaining ecosystems and water quality.*

**RESEARCH WITH IMPACT**

# 2024 International Research Opportunities

- Co-tutelle PhD program
- Offshore Phd
- Onshore Phd, PhD Industry
- Researcher Exchange
- Research Collaboration
- CIRCAS Program
